Device Protection/Maintenance Plan (DPMP)

As part of the schools 1:1 technology initiative, parents have the option to enroll in the school's DPMP. Enrollment in the plan will minimize the potential repair and/or replacement costs associated with the device. **By selecting this plan you agree to pay a fee to be enrolled in the DPMP of $25 per device with a max family plan of $75.**

If a device becomes damaged, your student will take it to ACA Technology Department and would follow the below schedule for repair. Under the DPMP, if the device is lost or stolen, a reduced fee of $150 will be assessed. **Enrollment in the DPMP does not begin until the payment has been received by ACA.**

What is covered under the plan?
- Accidental damage, such as cracked screens or cases, broken keyboards, etc.
- Battery replacement (if it is determined that the battery is malfunctioning)
- Reduced replacement cost of lost or stolen device. If the device is stolen while off campus, a police report should be filed with a copy of the report sent to ACA.

What is not covered under the plan?
- Intentional damage to the device is not covered under the plan.
- Power cords are considered an accessory, are not covered under the plan, and would be $15 for laptops and $25 for iPad per cord to replace.

Repair/Replacement Costs

Parents and students who choose not to purchase the DPMP are responsible to pay any damage in full up to $300 for the device.

Type of Repair	With DPMP Plan	Without DPMP
Device Replacement if lost or stolen/ damaged beyond repair	$150	$300
Screen Repair or replacement	First repair is covered under the DPMP. Any additional repair will be $20 per incident.	$120
Battery (Internal)		$70
Cover (iPad only)		$45
Keyboard		$40

Should your student's device become damaged, they will be provided a loaner device while their assigned device is being repaired. This loaner device may not be of equivalent performance or features.
*** All repairs must be made by ACA certified technicians ***
