

5 th	Week at a Glance: Aug 17 - Aug 21					A	B	Subject Color = Folder Color
	Math	Math Mastery	ELA	Science	Social Studies	Humanities		
MON 8/17	Mission 1 Lesson 3 - Students will use exponents to name place value units, and explain patterns in the placement of the decimal point. Homework: 1 digital ZEARN lesson.	Students will take time with the teacher to login to their Khan Academy accounts. They will have some time to work through the program and their first unit.	Students will begin lesson 5 and discussing repeating ideas and themes in “The First Real San Giving Day”. HW: Name Research	Small Group and Class Reteach Students will work 1-1 with the teacher to review any misconceptions. Students will also have time to work through additional learning opportunities and complete unfinished work.	No Social Studies	No Humanities		
TUES 8/18	<i>Mission 1 Lesson 4 - Students will use exponents to denote powers of 10 with application to metric conversions.</i> Homework: 1 digital ZEARN lesson.	No Math Mastery	Continue in lesson 5. Students will brainstorm meaning and ideas behind their own personal names.	No Science	- Complete “I am a Citizen” - Identify their role in society and what role they want when they are adults.	Lesson 3 - To Be a Friend... -Main Idea -Summary -Inferencing		
WED 8/19	<i>Mission 1 Lesson 5 - Students will name decimal fractions in expanded, unit, and word forms by applying place value reasoning.</i> Homework: 1 digital ZEARN lesson.	Lesson 3: 1/10 Relationships Students will be able to explain that the same digit has 1/10 the value when it is one place to the right.	Students will write a personal narrative about their name. Students will begin a new reading, “Hello My Name Is” HW: Name Research is due	<u>Unit 1 Lesson 3</u> Students will investigate how to identify volume and understand that everything has mass and volume. Homework: Volume Practice due Friday Want to Learn More? Click HERE	No Social Studies	No Humanities		
THURS 8/20	<i>Mission 1 Lesson 6 - Students will compare decimal fractions to the thousandths using like units, and express comparisons with >, <, =.</i> Homework: 1 digital ZEARN lesson.	No Math Mastery	Students will discuss what point of view is and how to support it.	No Science	- What would you do with 100 dollars? - With a partner, citizens will come up with the best investments possible with 100 dollars.	Lesson 4 - To Be a Friend... -Author’s Purpose -Grammar -Morphology		
FRI 8/21	Mission 1 Lesson 7 - Students will round a given decimal to any place using place value understanding and the vertical number line. Homework: 1 digital ZEARN lesson.	Lesson 4: Place Value Relationships Students will be able to compare the values of identical digits and prove whether the relationship is 10 times, one-tenth, 100 times, or one-hundredth.	Students will continue discussing points of view in lesson and and briefly discuss Tone in lesson 9.	<u>Unit 1 Lesson 4</u> Students will observe how a single piece of matter can change between three different states based on temperature.
